Lunches and snacks are included for all campers!

- Menu items may vary at our discretion without notice.
- **If your camper has food allergies**, please notify the Health Supervisor during the medical evaluation portion of check-in on the first day of camp, and be sure to provide details about the allergy on the camper's registration forms. Please be advised that our food service areas may contain peanut products, and that some items may contain soy or gluten. Ask the Camp Director for more information. We're happy to help!
- Is your camper a picky eater, or do they have specific dietary needs? If you prefer to provide food for your campers, we will be happy to provide refrigerated storage as needed. We can also provide a vegan lunch alternative for your camper (Salmagundi salad including chopped romaine, celery, carrots, corn, beets, and kidney beans).
